Organize:

2nd National Seminar on the Dairy Sector in Algeria :

" Milking hygiene and udder health"

December 09 2024

Working with socio-economic partners

Preamble:

The 2nd National Seminar on the Milk Sector in Algeria organized by the Animal Reproduction Biotechnology Laboratory (LBRA) in collaboration with our socio-economic partners; the 2nd edition will focus on the challenges of udder health and milking hygiene. The aim of the meeting is to address the specific challenges facing the dairy sector, which is vital to the national economy and public health.

Objectives :

- Preserving the health of the animals by reducing mastitis to extend the productive life of dairy females and ensure their well-being.
- Improving milk quality by reducing bacterial contamination and somatic cell counts through better hygiene and control protocols.
- Increasing farm profitability by reducing disease-related losses and improving productivity.

Topics :

1. Topic 1: Udder health: dynamics of mammary infections, methods of diagnosis, prevention and control
2. Topic 2: Influence of milking conditions and hygiene on mammary health
3. Topic 3: Hygienic and sanitary quality of milk

Important dates ;

- Submission deadline : 30 /11/ 2024
- Acceptance notification : 01 - 03 /12/ 2024

Instructions to authors:

- The title (Times New Roman 14 bold, single-spaced).
- Author's name/Co-authors : First name Last name (Times New Roman, 12).
- Author/Co-authors affiliation : (Times New Roman, Italic, 10).
- Corresponding author's email (Times New Roman, Italic, 10).
- The abstract should not exceed 300 words (objective, materials and methods, results and discussion, conclusion (Times New Roman 12, spacing 1.5).
- Keywords: 3 to 6 words (Times New Roman, 12).
- Languages: Arabic, French and English.
- Poster : A0 format (80 cm x120cm) (See Template link)
- NO PARTICIPATION FEE
